

THE LECTERN COLLECTION

Presenting the
Senator
ultimate lectern

OCTANORM 

Style 8

FORM & FUNCTION

Progressive innovations in technology and styling of the Senator range; provide total ease of use with maximum theatrical effect.

The new Senator's timeless look, is as totally at home in a modern boardroom, as it is in a media or training centre, hotel function room, university or school.

The Senator has all the space you need, to incorporate the most complex audio-visual control systems and can include a neat, easy to use loudspeaker unit.

The Senator is proudly designed and built in Australia, with quality second to none.

VALUE FOR MONEY

Most importantly, the Senator comes at a price that makes good financial sense.

COLOUR OPTIONS

Available in gold, silver or black, the Senator lectern includes 2 microphone sockets & digital clock.

practicality

PANEL CHOICES

Front panels come in 4 standard colours, which are shown below. For greater impact, Octanorm offers an extensive range of optional colours and fabrics available on request. Front panels can also be screenprinted with your name and logo.

ACCESSORIES

A full range of accessories and build options can be provided.
